STUDENT SPEAKS – SMRIDH RAJEEV

TO WHOMSOEVER IT MAY CONCERN

I Smridh Rajeev, a grown up human 23 years of age while I was still in school, Mount St. Mary's in class three year 2002 Mrs Sapna Sukul was my class teacher. I vividly remember her being a very good human and personally taking care of all the boys (students in the class) I was dealing through health issues (ITP) and was advised by doctors not to indulge in physical activities. As a little child, I used to get tempted looking at the other kids play and indulging in other activities. Mrs Sapna got me involved in other activities in school which had nothing to do with physical strain. Soon the little lad got engrossed in doing light work of putting up charts on boards, helping her distribute books and setting up the cupboard. By and By she kept pushing me to take part in lighter activities. She got me knee pads and elbow pads, thus encouraging me to get going on with activities. Today when I look back she was one of my support systems making ways for me and getting ready for life. Thank you Maam.

MOTHER SPEAKS

I Mrs. Patricia Raju shall always remain grateful to Mrs. Sapna Sukul, my son's teacher in class IIIrd. I was never reluctant to send my son to school, as I was so sure he was in safe hands. She took care of Smridh, the way a mother would for her child.
